		\$125,701.05

Safety/Roads: Patched holes. Started mowing

Fire Company: Trustee Mack met separately with the 3 fire departments about the AVL system. There are pros and cons to using it. It means better coverage for the township. But if Heath is the department that responds, then the resident will be billed for a medic run where as our 3 contracting departments do not bill the resident. There will need to be further discusses closer to contract renewal.

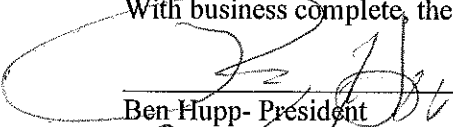

Zoning: Zoning inspector, Greg Reis, was unable to attend meeting.

Unfinished Business: Update on new building. Gas company should be looking at gas line hook up in the next few days. Flowers has been hired to do the plans and permits for the septic. Paid builder \$100,000. He still has some punch out items. Trustee Hupp has asked the builder for a price on the approach to the garage doors and a side walk to the man door.

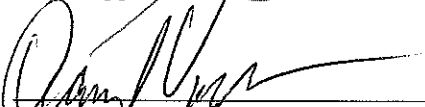

New Business: FO reported the township was not selected to receive Issue II money. She estimates \$200,000 for any road work needed. Trustee Mack suggested getting a grant writer. Some charge for writing the grant, others charge only if you receive the grant. Or should the township consider a road levy. BJ suggested crack sealing. Madison and Licking township both have machines.

Public Comment -None

Trustee Hupp made a motion to adjourn the meeting. Trustee VanBuren seconded the motion. With business complete, the board adjourned at 7:40pm
